

## Target Types

### Galaxy

A huge collection of gas, dust, and billions of stars all held together by gravity.

### Star

Giant spheres of hot plasma, mostly made of hydrogen and helium.

### Nebula

Giant clouds of dust and gas in space.

### Planet

A celestial body that orbits around a star.

## Target Types

### Galaxy

A huge collection of gas, dust, and billions of stars all held together by gravity.

### Star

Giant spheres of hot plasma, mostly made of hydrogen and helium.

### Nebula

Giant clouds of dust and gas in space.

### Planet

A celestial body that orbits around a star.

# MAST MATCH

-The MAST Card Game -

v1.0

## Target Types

### Galaxy

## On Your Turn

On your turn, you can do one of three actions:

### Pick Telescope

Choose a Telescope Card from the center and add it to your hand.

### Observe Data

Use a Telescope Card to pick up any Observation from the center and add it to one of your Science Goals.

### Unleash Chaos

Draw a Chaos Card and resolve its effects.

## On Your Turn

On your turn, you can do one of three actions:

### Pick Telescope

Choose a Telescope Card from the center and add it to your hand.

### Observe Data

Use a Telescope Card to pick up any Observation from the center and add it to one of your Science Goals.

### Unleash Chaos

Draw a Chaos Card and resolve its effects.
